

Dear Parents,

WELCOME TO SECOND GRADE!

Attached is the supply list for the fall. Please be sure your child's name is printed on the items. Replace them as needed. Be sure **ALL** clothing, backpacks and lunch boxes are clearly labeled with a permanent marker.

Continue to practice schoolwork over the summer vacation. Keep a list of the books your child reads. Use the attached form for your record keeping. Turn this list in on the first day of school.

In addition to reading books from the library and bookstores, there are good workbooks created for the home school market. These are available at bookstores, office supply stores and variety stores. Please review first grade work and start on the second grade work. Be sure your child is well-prepared for a very busy school year. Also, remember to include age-appropriate chores at home during the summer to encourage growth in responsibility, self-reliance and independence.

Use the summer days to practice addition and subtraction facts through 18 or 20. Flashcards are available in some stores. Be sure your child knows the facts quickly by memory.

Have a great summer and enjoy your children! God bless and keep you well, safe and happy.

Sister Jeanette, O.P.
